

## **Extension Impact**

### ***Our Agents***

Extension agents live and work in every county in the state. They are the two-way link between Tennesseans, urban and rural, and university specialists, scientists, and researchers. Agents initiate, create and conduct educational programs for people who want to help themselves to an improved quality of life.

Our agents are able to provide information on a variety of subjects, ranging from landscaping to nutrition, from animal health to family money management. These programs are available to all county residents!

Across all program areas, UT Extension contributed more than \$553 million in Economic Impact across Tennessee.

- Works well in teams
- Cares about people and relationships
- Builds partnerships
- Is reliable and responsible
- Is industrious and a self-starter
- Is technologically and academically competent
- Is an effective teacher and lifelong learner
- Has excellent communication skills
